

Habitat Management (CSP Enhancements)
Colorado Enhancement Activity Job Sheet H-6

February 2005

Name:

Utilize wildlife friendly fence crossings or gates to ease wildlife migration and link habitats

Payment = \$50.00 for each wildlife friendly fence crossing or gate to ease the migration of wildlife.

This enhancement targets general wildlife benefit by easing the migration of species inhibited by non-wildlife friendly fencing systems. A Colorado Division of Wildlife or NRCS biologist approved fence crossing or gate must be used for common wildlife species in the affected area. Crossing or gate maintenance will be required to ensure that it remains a viable wildlife crossing for migration activities.

Documentation Required: Use the following table for documentation and attach a plan map showing the management units identified in the grazing system design. An example is provided to assist you.

Management Units Effected	Wildlife Habitat Linked	Number of Gates or Crossings	Year Installed
Field 9 and Pasture 1 <i>Example</i>	elk winter grazing	2	2003

Utilization of Wildlife Friendly Fence Crossings or Gates Certification

I certify that I have the number of wildlife friendly fence crossings or gates in the field(s) listed in the table above.
